

Join our team

Established in 2011 with only 15 team members, the Pferdeklínik Leichlingen has rapidly grown to become one of the largest and best equipped specialist equine practices in the region. Today, we are 150+ employees strong, with over 100 stalls available to inpatients year-round. The clinic lies nestled between the cosmopolitan cities of Cologne and Düsseldorf in North Rhine-Westphalia and services leisure and sport horse clients not only from Germany, but worldwide.

State-of-the-art purpose-built facilities, well-trained technical staff, excellent equipment and a high case-load await you. In addition to endoscopy/oroscopy/sinoscopy equipment and digital radiography we offer computed tomography in the standing and anesthetized patient. We encourage collaboration between team members of all departments, including with our board-certified diplomates in large animal surgery and diagnostic imaging.

We are seeking:

Veterinarians (gn) with a focus on dentistry and maxillofacial surgery

We are seeking an individual with a readiness to:

- Work independently and as a team to provide routine dental care to our patients
- Perform specialist dental and maxillofacial procedures, or have a strong interest in learning to perform these
- Communicate regularly with external referring veterinarians
- Work together with veterinarians and technicians from different departments to optimize patient care
- Potentially work toward a leadership position within the team

What makes you special:

- You are a veterinary specialist in equine dentistry or have a strong desire to further your career in equine dentistry
- You have theoretical knowledge of and practical experience in equine dentistry
- You are a reliable, committed and positive team player with excellent organizational skills
- You possess the communication skills to effectively communicate with the team, referring veterinarians and clients
- You are fluent in the English language and ideally in German (or willing to learn)

This is what you can look forward to:

- Permanent employment with a competitive salary (commensurate with experience)
- A team that recognizes the importance of a work-life balance
- A positive work environment with a team committed to growth and advancement
- Opportunities to contribute to shaping the further development of our clinic

- Continuing education opportunities (both internal and external)
- A high volume and varied case load including not only routine dentistry, but also maxillofacial surgery

Are you interested or would you like to learn more? Then apply online or contact us at bewerbung@pferdeklunik-leichlingen.de or under +49 2175 88 455-24 (contact: Maike Breuer – human resources). We look forward to hearing from you!
